Preface

The student assessor of the Faculty of Social Sciences and the umbrella association N.K.S.W. Kompanio made this document which concerns the use of the common ground of the study associations in the Maria Montessori building of the Radboud University Nijmegen. The common ground can be used by the study associations of the Faculty of Social Sciences and its members.

The study associations SPiN, Postelein, Mycelium, CognAC, Umoja and den Geiten Wollen Soc (GWS), all have their own association rooms which are adjacent to the common ground. The study associations are responsible for their own rooms. The common ground with the kitchen will be shared by the study associations. The purpose of this document is that the responsibilities of all parties, both the associations as the faculty, will be pursued.

If you have any questions about what you can and can't do, you can contact nkswkompanio@socsci.ru.nl

General rules

Here are the general rules which are for everyone who uses the common ground. Most of this information is self explanatory and makes sure that the common ground stays a nice place to spend your free time in.

1. Throw away your own trash in the trash bins.
2. Wash your own dishes
3. Paper goes in the big blue container, if you have boxes make them small and throw them away as well. If the blue container is full, take your paper waste to the expedition (the room where the storage is as well). Glass has to be brought to the expedition as well and so does the coffee grounds.
4. Dirty cloths have to be hung so they can dry. Once they are dry you have to put them in the box in the cupboard. On Friday the association with cleaning duty has to bring them to the washing machine in room MM 00.102 (next to the toilets). The employees of Asito will wash them for you and bring clean ones back to the common ground.
5. Keep the foosball table on the felt pieces on the floor, so they don't make scratches.

6. If someone asks you to clean up your mess or the mess of your friends or your members, you will clean it up.
7. Instructions of employees of the faculty and of the board members of N.K.S.W. Kompanio will always be followed.
8. Leave the place in a clean state.
